## A warm welcome to Melbourne Institute of Technology (MIT) Melbourne Campus!

At MIT, we pride ourselves on providing all our students with more than just an educational experience. By working together, we can achieve great things and create a launchpad for innovation, progress, and positive change. We do this by providing:

- Real-World Curriculum: We gear you up to tackle real-world challenges with confidence and competence.
- Dedicated Student Support: Our devoted team including our Graduate Careers staff, are always available in person, call or email, ready to assist you through every stage of your journey.
- Exceptional Career Outcomes: Our graduates outshine the national average with 75.4% securing full-time employment within four months of graduation (Quality Indicators for Learning and Teaching 2022).
- Work Integrated Learning: You will experience learning beyond the books, with hands-on industry exposure seamlessly incorporated into our curriculum.
- With global demand for tech and business professionals expected to surge by 12% by 2025, your journey to your extraordinary future starts at our Orientation Careers Fair. Do not miss this opportunity to meet with organisations offering a range of options including employment pathways, voluntary work, vacation work and Internships and get careers advice from the experts on post-study work rights.

I look forward to meeting you at the start of your journey with us during Orientation where we begin planning your bright future together.

## Your Dedicated Support Team

### Student Events

Our Service team runs an extensive suite of events and activities throughout the academic year. See upcoming Melbourne Campus events on our events page. A reminder events are being added regularly so please 'bookmark' this webpage.

### Health and Wellbeing

Our qualified counselling team (Amily and Stephanie) provide free, confidential support to students. If you are facing difficulties that may affect your studies, or you just wish to have a chat about how you're going, book an appointment with the team via email.

### Career Development Centre

Find out about the extra services that the MIT Career Development Centre provides to help you get career focused. The Career Development Centre runs week workshops on-campus and I encourage you to attend these workshops. For more details on these workshops, please refer to the Events and Activities webpage.

### Academic Services

Located on level 6, our Academic Services Team (Maddie, Krystal and Wafaa) can assist you with booking an appointment with your lecturer, special consideration enquiries and issues with Moodle.

### Centre of Learning

The Centre of Learning (CoL) offers a broad range of support services to enrich the learning and teaching experience at MIT. All aspects of the journey towards academic success are encompassed by our operations, such as face-to-face tutoring, examination preparation and the delivery of workshops to build competence in language and literacy skills. For more information on the CoL, simply login to Moodle, go to 'My Courses' and select 'Centre of Learning'.

### Peer Mentor Program

At MIT we understand sometimes you might feel more comfortable seeking one-to-one coaching on a unit of study from a peer rather than additional support from your lecturer. A peer mentor will share with you how they have achieved their own academic success; provide help with understanding the unit, completing assessment tasks and preparing for exams.
