Statement of Tuition Assurance

Under the provisions of the Higher Education Support Act 2003 (HESA) and the associated Higher Education Provider Guidelines Melbourne Institute of Technology Pty Ltd is required to provide a tuition assurance arrangement for persons, other than overseas students* who are enrolled in higher education courses it offers. This requirement is to protect students in the event that Melbourne Institute of Technology Pty Ltd ceases to provide a course of study in which a student is enrolled. The meaning of ‘ceasing to provide a course of study’ is set out in the HEP Guidelines at:

In the event that Melbourne Institute of Technology Pty Ltd ceases to provide a course of study in which a student is enrolled the student is entitled to a choice of:

a) an offer of a place in a similar course of study with a Second Provider without any requirement to pay the Second Provider any student contribution or tuition fee for any replacement units (this is known as the “Course Assurance Option”);

OR

b) a refund of his or her up-front payments for any unit of study that the student commences but does not complete because Melbourne Institute of Technology Pty Ltd ceases to provide the course of study of which the unit forms part (this is known as the “Student Contribution/Tuition Fee Repayment Option”)

Melbourne Institute of Technology Pty Ltd has met the tuition assurance requirements of the HESA through its current membership of the Australian Council for Private Education and Training (ACPET) Australian Student Tuition Assurance Scheme (ASTAS). Contact details for ACPET are:

A student may choose either:

**The Course Assurance Option:**

Under the course assurance option, a student will be offered a place in a similar course of study by ACPET. If a student accepts this option, ACPET will make necessary arrangements to ensure a student is able to enrol with the Second Provider in a similar course of study. This offered course will lead to the same or a comparable qualification without any requirement on the part of the student to pay that Second Provider any student contribution or tuition fee for any replacement units that is, units that the student had commenced but not completed because the course ceased to be offered. A student will receive full credit from the Second Provider for any units of study successfully completed at Melbourne Institute of Technology Pty Ltd.

The Second Provider nominated by ACPET may have different contribution amounts or tuition fees to the amounts or fees the student would have paid for units of study which were part of the course of study the Melbourne Institute of Technology Pty Ltd ceased to provide but which the student had not yet started studying.

A student is not obliged to enrol in a course of study with a Second Provider offered by ACPET under the Course Assurance Option. However, if he/she enrolls with any other provider there is no obligation on that provider to offer full credit transfer for the units of study completed with the Melbourne Institute of Technology Pty Ltd or to offer a replacement/s unit free of charge.

**OR**

**The Student Contribution/Tuition Fee Repayment Option**

Under the Student Contribution/Tuition Fee Repayment Option ACPET undertakes to pay the student the total of any up-front payments already paid by the student for any units of study the student has commenced but not completed because the course ceased to be offered. Students selecting this option will also get SLE or FEE-HELP balance/s re-credited for uncompleted units.
